Lanyards are the perfect solution for all types of needs: personnel identification, events, trade shows.

Our elastic chokers are available in 12, 15, 20 mm and made to measure.

The quality of the material guarantees durability and resistance. You have a wide choice of several colors thanks to the Pantone color chart allowing you to show off your brand identity and customize the product as you wish.

The silkscreen marking offers quality customization (monochrome). It is possible to print all logos and colors on one or both sides. A team of dedicated graphic designers takes care of the production of your final page proof.

Practical and light, you can hang a badge holder on them for your cards or exhibitor badges, for example.
