

Wooden access cards

Catalog

Material : Wood

Total length : 86mm

Height : 54mm

MOQ for stock product : 100 pcs

Wooden access cards offer a unique and aesthetic alternative to traditional plastic access cards. Made from high-quality wood, these cards combine functionality and elegance for a secure and sophisticated access experience.

Made from genuine wood, each card is unique with its own grains and shades, adding a natural and warm touch to your access system.

Different formats available, credit card size or custom-made.

Possibility to integrate an RFID chip.

We offer different types of wood:

- oak
- cherry
- sapele
- lime
- black walnut
- maple
- bamboo
- beech

They can be customized with our laser marking or UV quadri printing to include logos, identification numbers, or any other personalized text.

Wooden access cards are robust and durable, resistant to daily wear and humidity.

As a natural product, wooden access cards are environmentally friendly and can be recycled at the end of their useful life.

Why choose our wooden access cards:

- Natural elegance and aesthetics
- Customization options to meet your specific needs
- Durability and resistance for long-term use
- Contribution to environmental preservation
